

CEO-TWO[®]

Laxative Suppositories

Back by popular demand!

NDC # 0283-0808-12
Now with 12 Suppositories
per box

CEO-TWO Laxative Suppositories combine Sodium Bicarbonate and Potassium Bitartrate in a Polyethylene Glycol Base. Upon insertion into the rectum, the pre-moistened suppository reacts with the moisture present to produce carbon dioxide gas. This CO₂ gas gently expands the lower bowel and creates a reflex stimulation resulting in an urge to empty the lower bowel within 30 minutes. Moreover, there is no chemical stimulation to the bowel, no painful cramping, no diarrhea and rarely a second urge to defecate.

Your bowel regularity will be no accident with CEO-TWO Laxative Suppositories!

- Comfortably empties the last 25 cm of the lower bowel within 30 minutes
- Does not cause irritation or cramping, unlike stimulant laxative products
- Self-lubricating
- No refrigeration needed – perfect for travel
