

HURRICAINE® Topical Anesthetic Liquid

20% Benzocaine Oral Anesthetic

Snap -n- Go™ Swabs - Travel Pack

Drug Facts

Active ingredient

Benzocaine 20% Oral Anesthetic

Purpose

Uses for the temporary relief of occasional minor irritation and pain associated with:

- canker sores
- sore mouth and throat
- minor dental procedures
- minor irritation of the mouth and gums caused by dentures or orthodontic appliances
- minor injury of the mouth and gums
- sore gums due to teething in infants and children 4 months of age and older

Warnings

Allergy alert: Do not use if you have a history of allergy to local anesthetics such as procaine, butacaine, benzocaine or other "caine" anesthetics.

Stop use and ask a doctor

- if sore throat is severe, persists for more than 2 days, is accompanied or followed by fever, headache, rash, swelling, nausea or vomiting
- if sore mouth symptoms do not improve in 7 days, or if irritation, pain, or redness persists or worsens

When using this product • avoid contact with eyes

Keep out of reach of children. If more than used for pain is accidentally swallowed, get medical help or contact a Poison Control Center immediately.

Fever and nasal congestion are not symptoms of teething and may indicate the presence of infection. If these symptoms persist, consult your doctor.

Directions • do not exceed recommended dosage

adults and children 2 years of age and older	apply to the affected area. Allow to remain in place at least 1 minute and then spit out. Use up to 4 times daily or as directed by a dentist or doctor.
children under 12 years of age	should be supervised in the use of the product
children under 2 years of age	consult a dentist or doctor
Sore gums due to teething: infants and children 4 months of age and older	apply to the affected area not more than 4 times daily or as directed by a dentist or doctor
infants under 4 months of age	there is no recommended dosage or treatment except under the advice and supervision of a dentist or doctor

Other information • store at 20°-25°C (68°-77°F)

- Do not use if swab has been previously opened.

Inactive ingredients flavor, polyethylene glycol, sodium saccharin
